### B. INSTRUCTIONS Please review these instructions prior to completing this form

The custodian is required to report annually the Fair Market Value (FMV) of your LLC to the Internal Revenue Service. Under the custodial agreement we may request that you as the investment sponsor provide the information to accomplish this requirement. You must complete this form, sign, date and return it to IRA Financial Trust Company at the address above. You should complete the document as follows:

- Enter the Fair Market Value of your LLC in the space provided below. The FMV of your LLC is calculated by adding the value of all assets owned by the LLC. Please consult an accountant or other qualified professional for assistance with calculating the FMV of your LLC. Do not include any assets held directly by the custodian (such as your custodial cash balance) in calculating the FMV.
- If the above referenced account is a partial owner of the LLC, the Fair Market Value you enter below MUST reflect only the FMV of the portion of the LLC owned by the referenced account. If another account owns a portion of the LLC, please be sure to submit a separate valuation form for that account.
- The fair market value is the price at which the LLC would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of relevant facts, assets and holdings of the LLC. The Fair Market Value may be an estimate of the value, but you are solely responsible for any such estimate and any tax consequences arising therefrom.
- If you are providing this Fair Market Value for purposes of valuing your LLC in a Roth conversion, distribution to you, as part of a required minimum distribution or other taxable distribution, this form must be signed and attested to by a licensed professional (CPA, appraiser, etc) knowledgeable about the holdings and business of your LLC.
