

MAKING THE INVESTMENT - YOUR RESPONSIBILITY

You are responsible for contacting a precious metals dealer of your choice and selecting the precious metals you wish to invest in.

Please note that only certain precious metals are allowed in an IRA.

ACCEPTABLE PRECIOUS METALS

In general, pursuant to Internal Revenue Code Section 408, an IRA is permitted to invest in one, one-half, one-quarter, or one-tenth ounce U.S. gold coins, or one-ounce silver coins minted by the Treasury Department. It can also invest in certain platinum coins and certain gold, silver, palladium, and platinum bullion of a minimum fineness of 0.999.

IMPORTANT INFORMATION - NON-APPROVED PRECIOUS METALS

If your self-directed IRA purchases coins or precious metals not approved by the IRS under Internal revenue Code Section 408(m), and the investment is treated as a purchase of a collectible, the amount invested is considered distributed to you in the year invested. You may also have to pay the 10% additional tax on early distributions if you are under the age of 59 1/2.
